

When looking for information on FCC or IC certifications, there are several methods to access this material

1. E-label and warning statements can be found in the device/controller GUI under Device >Settings > About. (where applicable)
2. The FCC and IC IDs can be found on the product label. This can then be entered into the corresponding countries data base for more information.
 - a. <https://apps.fcc.gov/>
 - b. [/sms-sgs.ic.gc.ca](https://sms-sgs.ic.gc.ca)
3. The FCC ID and IC ID will also be located on the packaging or box of the product.
